Dale Baker

Health Speaker

Dale Baker is a Certified Healthy Lifestyle Coach and is currently the Associate Director for the iHeal Program in Toronto, Ontario. During the past 9 years, his focus has been to present information from health professionals and research teams to assist individuals in making positive lifestyle changes. This has led family doctors to lower medication and in some cases discontinue the use altogether. Dale is a graduate of Andrews University with a Masters in Divinity. Feeling called to work with literature and health evangelism, he uses his pastoral experience in leading people to experience better health of body, mind, and spirit. He is an international blessing to many as his ministry spans the Caribbean isle, the United States and most recently Canada. While in the USA, he had the opportunity to work with several conferences, most notably the Northeastern Conference and the Greater New York Conference of Seventh-day Adventist. Currently, Dale is a candidate for a Doctor of Naturopathy in Original Medicine. He currently worships at the Ebenezer SDA Church in Mississauga, Ontario and serves there as an Elder, Health Ministries Leader and Prayer Ministries Coordinator. He is married to Taneshia, who has been a blessing to his ministry. He will be the speaker for the 4:00 p.m. health meetings from Monday to Friday.

IMPORTANT ANNOUNCEMENTS

Respect the property of those who are on either side of our property line — do not use other peoples' personal items and/or fire pits on the beach.

Maintain safety standards down at the beach — the swimming area has been roped off for a reason, please use it, and note that Lifeguards are **ONLY** on duty during Open Swim Time from 2-5 every day (except Sabbath) — items may be used from the Boat Shed for a donation toward a 'new' boat and Waterfront development.

If you would like to volunteer in any capacity for the Camp, please see the Office and fill out a Liability Waiver.

No littering around the grounds and on the beach - please place all items in the proper 'trash' bin - blue = recycling; green = compost/organics; white = garbage.
